NJ Region AACA**August, 2018****PRESIDENT'S MESSAGE**

I truly enjoy our club. That's not surprising coming from me and I thought that I'd take a few moments to tell you why this is so.

First, NJAACA isn't a mish mash of uncoordinated ideas, whose organization, direction and intentions are cloudy, haphazard and changeable. Our club's purpose and objectives are precisely the opposite. They're solid and sure and, together, they give our membership confidence in its precepts and every reason to want to fully engage, in all of its activities.

From my first monthly meeting, until today, I've made many new friends, from whom I enjoy warm and satisfying relationships. I've come to feel a part of something very special. The mix of so many different personalities produces an endless stream of stories and personal interactions. When retold, they're the cause of fond memories, camaraderie, fun and sheer laughter.

We're a unique club, whose central theme is shared by all of its members...the love of antique cars. That common interest gives us many opportunities to contribute our talents, experience and time toward the greater good. Together, we've become a unique community.

We're presented with endless opportunities to learn more about automotive technologies and design, from a plethora of antique vehicles that were built many decades ago. We learn to judge, so as to be able to discriminate between the merits of a single automobile's features, as compared with others of a similar date, or design. Participants are grateful for the opportunity of their cars to be competently judged. Often, the chosen among us bask in the gratification of receiving a rare award, which represents a lofty achievement.

We remember the endless pleasures of a regional or national tour; the good food and accommodations, our interesting conversations and the enjoyment of seeing and sharing something new with good friends. We enjoy presenting our vehicles at assisted living events, parades, at joint community events and endless car shows. We're pleased to participate in all of these events and truly enjoy the happiness and pleasure that comes from those who admire our cars and secretly envy our good fortune. Our wonderful club affords each of us endless op-

portunities to belong, to participate, to give and to enjoy all of its inherent benefits.

These illustrations are just a few of the many reasons why I cherish our club very much. It's my hope that all of our members fully agree with my thinking. I also hope that they would have many more reasons why it's so good to be a member of both our wonderful region and its association with an established national organization whose major events can be enjoyed by all of our members.

1931 Ford Model A Victoria
Denise & Wayne Tuck No. 6
In 2017 Participation Points

We purchased this car in 2013 in order to have a car older than 1932 to qualify for the AACA Vintage Tour.

Affectionately referred to by most Victoria owners as a "Vicky", this was considered to be one of the more upscale versions of the Model A Fords.

Prices for the Model A ranged from US\$385 for a roadster to US\$1400 for the top-of-the-line Town Car. The engine was a water-cooled L-head inline four with a displacement of 201 cu in. with 40 hp. Top speed was around 65 mph. The Model A had a 103.5 in wheelbase with a final drive ratio of 3.77:1. The transmission was a conventional unsynchronized three-speed sliding gear manual with a single speed reverse. The Model A had four-wheel mechanical drum brakes.

On the Vintage tours we have attended it is normally driven an average of 100 miles a day for five days. This car has been extremely reliable and truly a joy to drive. As a good friend told me, "Everyone should own at least one Ford Model A in their lifetime". I Agree!

UNDER THE HOOD Notes from the editor

First things first for this issue is to offer my apologies to those who did not get an anniversary or birthday posted in the July issue of the Roadmap. My cut and paste skills failed me and I ended up just repeating the anniversaries from May. Brenda Zimmerman keeps an accurate list of these things, and I just failed at the quality check and the result was problematic. I'll pledge to work harder to make sure the information in the newsletter is accurate and correct. The second thing that needs mentioning is the sheer amount of activity in the months of August and September. There is literally something going on every weekend and toss in a few weekdays to boot! The fall tours are here, Hershey is on the way, car shows are abundant as are cruise nights. It's a wonderful time to have an Antique Automobile. One last thing, be sure to take a Kid to a car show!! They love to hang out with you and it's good for the hobby. See you at the Picnic!!!

On My honor.....

**2018 Region Fall Foliage Tour
Lukan's Farm Resort, Hawley, PA
SEPTEMBER 20-23, 2018**

Tour Co-Master: Pete Cullen
Tour Co-Master: Anthony Cecala

For the eighth year, the Region will once again explore the Pennsylvania Pocono area for its Fall Foliage Tour. The lodging destination is Lukans Farm Resort! But, due to Hershey weekend being a week later in October this year, this tour will take place the third weekend BEFORE Hershey.

We've reserved 22 available rooms for Region members, but the hold is valid only until August 4th. Expanding on the process started a few years ago, we've been asked to handle the reservations with membership internally. Due to the possibility of last minute changes in tourist's plans, Lukans has asked that the Club handle the deposit monies and keep track of the reservations until the group is finalized. So, there is no need to call Lukans to reserve your room, nor to send them a deposit directly. Your tour masters will handle the room requests.

This is how reservations will be done this year: Step #1 - Email Pete Cullen at oldcarz57@aol.com to add your name to the list; Step #2 - Write a check for \$100, payable to "NJ Region AACA" and hand it to Pete at a meeting or Region event, or mail it USPS to Pete Cullen, 20 Valley View Road, Verona NJ, 07044; Step #3 - Get your car ready and packed!

So here are the facts for 2018:

WHERE: Lukan's Farm Resort
539 Long Ridge Road, Hawley, PA 18428.

DETAILS: Phone: 570-226-4574

Internet: www.lukans.com

WHEN: Thursday, September 20
(OR Friday 9/21) through Sunday
September 23, 2018.

HOW MUCH:

A) All 4 days with 3 nights rooms, 7 meals is approximately \$600 plus tax & tips/Couple, Double Occupancy, includes spacious room (can sleep two couples), and 7 meals while there. (Deluxe rooms are \$300/night pp, Poolside are \$290/night pp, including meal plan with 3 dinners, 3 breakfasts and 1 lunch).

B) Usual 3 days with 2 nights rooms, 5 meals, approximately \$450 per couple.

WHAT NOW: Recognizing that fall is a peak time, they will hold the rooms until SATURDAY, AUGUST 4th for any Region member. If interested you must follow the above reservation instructions. A deposit of \$50 per person, or \$100/couple/room will be required, check payable to "NJ Region AACA" but given to Pete Cullen to deliver.

Also note that there are only 22 rooms at Lukan's, and as for the last several years, it is first come, first served. If you are late and are told all rooms are taken, I can add your name to the waiting list, as a few members have had to make last minute cancellations in the past.

Alternately, as Lukan's dining room is open to the public for meals, and if you plan to be in the area during any part of the tour, you are welcome to join in the fun for just a day trip or even for a one night stay, provided vacancy is available.

We have some great plans for the group on the way up to, and during our stay at Lukans. More details about the tour stops will be provided in a future article. We look forward to another interesting, if not relaxing, weekend! Go ahead and make your reservations NOW!

Annual Region Picnic & August Meeting August 12, 2018

The change from the wet spring to hot summer days has been dramatic! But now that temperatures are hitting the 90's regularly, that means its time to start planning our Picnic. Looking at the current Region calendar of events, there are a lot of opportunities to use your 'classic' vehicles - almost every weekend. Well

here's another chance to show off your newest addition, or recent restoration, and invite you AND your old vehicle to participate at this year's picnic! With the rainy date of the Spring Meet resulting in a much lower than typical turnout of show cars this year, there's a good chance that our car display at the picnic could be the Region's largest display of vehicles during 2018!

Our picnic will once again be held at the same VFW facility as our monthly meetings – but just on the other side of the back doors (outside). For directions, please see meeting announcement on the inside cover of this RoadMap.

According to my records, this will be the 14th year that I'm serving as the Picnic chairman, and I have been very fortunate to have had several great helpers over those years, and hope same happens again this time! Also, with the large covered pavilion, all 17 available picnic tables will be protected from both sunny and not so sunny weather, so this will be a 'rain or shine' type of event, although we all would appreciate 'shine'.

I'm not going to change any of the picnic details. Members may arrive any time around 11:00 am. Be sure to wear your Region name badges, as an abbreviated August monthly Club business meeting will be conducted, **in lieu of the 'first Thursday' regular meeting**, while we get the BBQ fired up. You can expect to stay until about 2 to 3 pm, but you are free to hang around later and chat!

The Region will once again waive the cost for all members attending this year's picnic. However, there will be a nominal \$5 charge per adult (under 12 free) for any friends and guests that you may want to bring along (also waived if they apply for AACA membership that day!). It's time to start thinking about which of your favorite side dishes or desserts you want to prepare to bring and share. The Region will again supply the basics - hamburgers, turkey burgers, franks, grilled chicken, ice and soft drinks.

As usual, we will need a few members to arrive a little bit earlier than the crowd (anytime between 10:00 and 11:00 am) to help me set-up for the festivities – see me at the July meeting if you think you can help in any way! I hope to see many members - and their cars - at this year's Region Picnic.

A New Thunderbird has arrived in the Williams-Clyne Gallery at the AACA Museum, Inc June 28th, 2018

Reprinted with Permission¹

We are excited to announce the arrival of a new Thunderbird in our Williams-Clyne Gateway Gallery, courtesy of the International Thunderbird Club (ITC). A beautiful 1965 Ford Thunderbird has arrived and is on loan from Susan Sganga of New Jersey (NJAACA #1547). This exhibit is guest curated by the President of the International Thunderbird Club, Gerard "Bart" Bartasavich.

The 1965 Thunderbird, 2 door hardtop Landau was built at the Wixom, MI assembly plant on June 16, 1965. The vehicle was then delivered to Country Side Motors located in Springfield, PA where it was sold for \$4,958.90. Since then the Thunderbird has been restored to its original exterior color, Diamond Blue (Code N) with its original Blue Vinyl Landau Top.

The body of the 1965 Thunderbird body, glass and trim, and chrome are in fantastic condition for the age of the car. Its original interior is finished in trim code 52 Turquoise Blue. It also has a unique Swing Away Steering Wheel. It's powered by the original 390 CID with over 300 HP mated to a 3 Speed Dual Range Automatic Transmission and a 3:00:1 Rear Axle Gear Ratio. The vehicle has Power Steering, Power Brakes, and Power Windows.

A total of 20,974 Landaus #63B were produced in 1965. According to the Thunderbird Registry, this is one of only 1,126 registered Thunderbird Landaus remaining and documented in the world.

This 1965 Thunderbird is replacing the 1963 Principality of Monaco Thunderbird in the rotating exhibit. Make sure to stop by and see the 1960 Thunderbird and the 1957 Battlebird Thunderbird too.

While you're visiting the terrific trio of Thunderbirds, make sure to check out our other featured exhibit, Mustangs: Six Generations of America's Favorite Pony Car. Another new and exciting vehicle guests can view is a 1985 Modena Spyder better known as the Ferris Bueller "Ferrari" in the Historic Vehicle Association Display. If you take the day off and check it out make sure to #FerrisFerrariAACAMuseum in your photos!

Road Trip to Historic Vehicle Museums in PA Saturday, August 25, 2018

Chair: Abraham Platt
Time: 08:30AM

Attention antique automobile enthusiasts, I have arranged for "A Road Trip to Historic Vehicle Museums in PA" which will include the Boyertown Museum of Historic Vehicles and the Old Spokes Car Museum facility in New Smithville. Both facilities can easily and safely handle around 100 visitors at a time. Both museums will charge us an entry fee of \$6.00 per person, which is their Senior/Group Rate. Please bring exact change for your party to make it easier and quicker for us to enter each facility. Since we are members of an antique car club, please drive an antique vehicle that can safely negotiate a round trip of approximately 200 miles, depending on your starting point.

Our route will be planned to avoid or limit travel on any super highways (i.e. Rte. I-78).

We will depart from the parking lot at the Readington Dinner, where we have assembled previously, at between 8:30 and 9:00 am, so please be on time. If you are going to have breakfast prior to departure, please arrive early enough not to hold up the rest of the tourists. The other dinner in the immediate area is the Spinning Wheel Diner. Once assembled, I will hand out route maps and we will proceed, in small groups, to the Boyertown Museum of Historic Vehicles in Boyertown, PA via a scenic route. This route will take 1.5 to 1.75 hours (61.5 miles) getting us to the Boyertown Museum at approximately 10:30 to 10:45 am.

There is a large parking lot diagonally across So. Walnut St. from the Museum entrance. Please assemble there, make up a group, and enter to start your tour. Tell the person at the desk that you are with the NJ Region AACA. Based on conversations with the staff at this facility, I am allotting 1.5 to 2 hours for this facility. Docents will be available to answer your questions. Please reassemble in the parking and proceed to one of three diners / restaurants in the vicinity for lunch. This will be your choice. A list will be emailed to all that inform me that they are going on this trip. After lunch, follow the route map along a scenic route that will be provided to each vehicle traveling on this trip to the Old Spokes Car Museum facility located in New Smithville, PA. This leg of the trip will take approximately 40 to 45-minutes (23 miles) and we will start our visit at 2:30 to 3:00

pm. This facility includes approximately 50 cars, the majority being Hudson Motor Company vehicles from 1911 through 1957. Based on conversations with the curator, I am allotting 2 to 2.5 hours for this facility. This is a by appointment only tour, so wait until everyone has arrived.

The tour is limited to around 100 people. If interested, please contact Abraham Platt as soon as possible at (732) 752-6341 or via email at abeplatt@aol.com. Please let me know by **noon on Wednesday, August 22, 2018** if you are planning to attend so that I can determine how many cars and attendees we can expect. We need to provide this information to our hosts. Please also let me know if you will be joining us for breakfast at the Readington Diner. I spoke to the manager of the Diner and she would like to know how many to expect.

Address Information:

The Readington Diner: 452 US Rt. 22 West, Whitehouse Station, NJ 08889 (908) 534-6777

The Spinning Wheel Diner: 283 US Rt. 22 East, Lebanon, NJ 08833 (908) 534-2577

1939 Ford Pickup Ron Hutchins (#1470) No. 42 In 2017 Participation Points

This 1939 Ford pickup was purchased in Kansas in 2002. It was a basket case and we pulled it from a hanger at the local airport where the owner had stored the truck for more than 10 years. The engine didn't run, the brakes were locked and the fuel tank was in the truck bed. Every fender needed work and the truck was painted Kansas DOT orange with black fenders and running boards. The original owner was the Kansas road department. I restored the truck over a two year period and have shown the pickup in several truck shows. It is painted Ford green and has the original engine modified with a full pressure oil system

Judging Results

By Jim Elliott
Vice President -

How do I get a copy of my judging sheet?". A simple letter to the Vice-President of Judging can get you the information you desire.

The letter is to be mailed to the current Vice-President of Judging at the address provided in the Antique Automobile magazine or the club website and

should include the following:

1. Your name and address
2. The year, make and model of your show vehicle
3. The judging class for your vehicle
4. The meet you attended
5. A self-addressed stamped envelope for the return of your results

It is the policy of the AACA to provide a summary of the deductions received and not an exact score. As a result, you will receive a highlighted judging sheet disclosing the areas in which deductions were made.

You can use this information to inspect your vehicle and possibly improve it for the next meet or next level of competition. It is often helpful to have another judge or a member of your Region review the vehicle with you.

The AACA standard for judging is to present your car as it was delivered to the original owner from the dealer. Items that are not period correct receive deductions, as well as items that no longer appear new.

While the AACA promotes competition, remember that this is a hobby. Have fun at the meets and enjoy your historic vehicle.

1977 Chevrolet Nova
Sarah Fehley No. 30
In 2017 Participation Points

Since I do not have an antique of my own, I decided to ask my dad about the Nova he had when I was growing up; the car that I despised with a passion and would not be caught dead in during my middle and high school years! He bought it brand new in August of 1977 for \$3,800 in cash. It was a 6-cylinder, 3-speed on the floor.

The picture you see is the only picture he has of the car, after an accident in 1985. That accident took the car off the road for a year until he got a different front clip on it, and in 1987 he put a 5-speed in it that was from a Pontiac Sunbird. The car ran until 1997 when he scrapped it, with 350,000 miles on it.

What I remember most is how he let me sit up front when I was little, and he was showing me how to shift, and letting me do it when he told me. I also fondly remember being buckled in the backseat with my younger sister and there were holes in the floorboards. My sister and I found joy in dropping stuff through the holes and watching it fly out. When we were yelled at for doing that or for fighting, I often just looked through the hole at the road as we were speeding over it.

I was embarrassed by this car after the accident. One front fender was black, the hood was primer, the rest was red. It was just not as beautiful as it once was, and my young teenage ego was at stake, so I often ducked and tried having my dad drop me off down the street and I would walk to school the rest of the way. He often didn't listen and took joy in embarrassing me by drawing even more attention to me and the car ha-ha. Looking back, I do miss that car and when I see one, I take a picture and send it to my dad because it brings back so many memories as it was a major part of my childhood. .

SECOND ANNUAL FANWOOD ANTIQUE & CLASSIC CAR SHOW TRIP REPORT

The Second Annual Antique & Classic Car Show and the Fanwood Summer Fan Jam occurred on Sunday, July 8, 2018. The event was held at La Grande Park located at La Grande Avenue, Fanwood, NJ and the car show was conducted with on-street parking along 2nd Street and Marian Avenue. The two streets adjacent to the park were blocked off for the "Show Cars" by the Fanwood Police Department. Registration was **FREE** and started at 8:00 am. The event was hosted by our friend Michael Gelnovatch, aka "Hot Rod" Mike. Members of the Galloping Hill Cruisers Car Club ably assisted in getting approximately 150 vehicles to designated parking areas along these two streets. As the cars poured in, the Fanwood Police realized that more street parking was needed and moved the barricades so that show cars could also be parked on 2nd St. east of Marian Ave and on Marian Ave. north of 2nd St. The Car Show ran from 10:00 am to 4:00 pm with D.J. Oldies music and sponsor trophies to be awarded in several classes to the best cars at the show. The Summer Fan Jam portion of the event which featured Food Trucks, Live Music, Vendors, a Beer Garden, and fun for the whole family with a Kid's Zone ran from 11:00 am to 7:00 pm. The park drew a large crowd of spectators for the Car Show and lots of participants for the Fan Jam activities. The weather was absolutely perfect for outdoor action and helped to make this one of the best Car Shows so far this season. What a GREAT event!

The NJ Region AACA members brought 19 vehicles to be shown and judged. The Galloping Hill Cruisers brought 15 vehicles, the Street Dreams Car Club arrived as a group with 13 vehicles, members of Club 3 brought 4 "Rat Rods" and several other customs and hot rods, several members of the Curb Appeal Car Club were also present with several vehicles, and 4 members of the Cougar Club of NJ/PA who were present to celebrate the 20th Anniversary of the club. Several Chevrolet Corvettes covering every decade from the 1950s to the 2010s were present including a really beautiful 1954 model.

The NJ Region turn-out included 24 members and spouses with 18 antique vehicles for every decade from the 1920s through the 1980s, except for the 1940s, and a 2016 Hellcat. NJ Region members included: Rick Weingart with his 1929 Ford Model A (Briggs); Ken Miller with his 1937 Ford; Bob Smith with his 1950 Ford Custom (Trophy Winner); Brian and Sarah Pritchett with their 1950 Oldsmobile 88; Walt Terry with his 1953 Mercury Monterey (Trophy

Winner); Bob Rankin with his 1955 Cadillac Series 62 (Miss Daisy); Rich Kline with his 1956 DeSoto Fireflite (Trophy Winner); Miles Yengst with his 1957 Ford Thunderbird; Bob and Marge Graham with their 1965 Chevrolet Impala SS; Bill Pritchett with his 1966 Ford Mustang; Mark and Karen O'Dell with their 1967 Chevy Chevelle SS (Trophy Winner); Suds Reddy with his 1967 Mercury Cougar DGS; Allan Danner with his 1968 Ford Mustang GT convertible; Greg Roser with his 1972 Chevy Monte Carlo (Mr. Monte); Cliff Stern with his 1974 Triumph TR6; John and Pat Quattrocchi with their 1977 Cadillac Sedan DeVille; Bernie Cooney with his 1985 Cadillac Seville; Abe and Ann Platt with their 1988 Mercury Cougar Special Edition; and Bill Stroh with his 2016 Dodge Hellcat.

New and Old Friends included: Judy Wussler with her 1967 Mercury Cougar (Trophy Winner); John Walsh with his 1970 Mercury Cougar XR7 (Trophy Winner); Rich Hammer with his 1978 MGB, Mike Leblond with his 1930 Ford Deluxe Roadster, Dominick Ragno with his 1965 Chevy Corvette (Trophy Winner), and the members of the Galloping Hill Cruisers, Street Dreams and Curb Appeal car clubs, too numerous to list. One of the highlights of the event was the presentation of a memorial plaque to Judy Wussler in appreciation of her late husband, Don Wussler, by "Hot Rod" Mike & the Cougar Club of NJ/PA in celebrating the 20th Anniversary of the club he founded.

Strong participation by our membership in Car Shows and similar events enhances our recognition and reputation to the outside community as well as with members of other car clubs. A very big thank you, from Ann and me, goes out to the NJ Region members and potential future members that attended this very successful event. I also want to send out a special thank you to our friends in all of the car clubs mentioned above as well as our unaffiliated car friends that attended.

Please go to the News & Photos section of the NJ Region's website to see additional pictures of this event <https://njregionaaca.com/news-photos/>.
