NEXT MEETING

The September (752nd) meeting of the New Jersey Region AACCA will be held at the VFW on Rt. 53 in Morris Plains
8:00 PM Sep 2nd, 2021

Anniversaries/Birthdays

With all the changes due to Covid and other interferences, I would like to update the records for all members who would like to have either their birthday and/or wedding anniversaries in the Road Map. I only need the date of the birthday, month and day. For the anniversary, please give me the date and number of years.

Thank you,

Bill Pritchett

New food policy for the upcoming

NJ Region meetings

We just received clearance from the Watnong VFW Post 3401 in Morris Plains to again bring our home baked goodies and bakery items to our meeting. The previous restrictions allowing only pre-packaged food have been lifted. Fresh coffee will again be available to our members, as well as other beverages.

A Message from the President

September 2021

In Haledon, as I suppose in most towns, they have a little “fish paper,” called that because that’s about all it’s good for, wrapping fish.

Whoever delivers it, I assume, gets paid by how many papers they deliver. I assume this, because the plastic bag it comes in usually contains two copies. However, a couple weeks ago I opened the bag and perused the paper, perhaps out of boredom from my current situation. One of the “Reporters” made a tour of ice cream parlors in the vicinity, and wrote an article listing the best ones to be found.

Those of you who know my little buddy Max Altenburg know he doesn’t skip ice cream. Our local shop closed as a result of the Covid shutdown. Max cried! I read the article in hopes of finding another in the area. There are a few, but one stood out significantly! Diane’s Dairy, located at 446 Main Road (Rt 202), Towaco, owned by none other than NJ region members, Diane & Mike Manganelli!

Because Max has been a terrific help to me lately, we took a ride to Towaco to check it out. Diane’s Dairy sells great ice cream! The service is excellent and it was easy to see why the “fish paper” reporter included this shop in his article!

We went on a Thursday night. They close at nine, so we left in time to be there by eight. Mike comes at the end of the day to help close the store. I was talking to him at nearly 9:30 and people were still coming in! Besides great ice cream and service, the kicker; Every Saturday night (weather permitting) they have a car show, DJ and all, in their parking lot! They attract a nice collection of cars! Free ice cream if you bring your car!

Max and I will see you there one Saturday night! And of course I’ll see everyone on Thursday at our regular meeting.

Respectfully submitted,
Art Briggs, President
NJAACA #1469

UNDER THE HOOD **Notes from the editor**

Making ethical decisions. That was the name of the presentation that I was to make to 80 some odd participants in our scout councils National Youth Leadership Training Conference. It was one of my duties as Course director to spend an hour explaining the process to help guide a person of character in making ethical decisions based on a prescribed oath and law. Part of that decision making process is figuring out what kind of problem you face, then gathering all the information from all relevant angles. Then and only then can a decision be made.

This is my other life and I do it because I believe in it with all my being. To be the one in a position to give that presentation is a position of honor and great responsibility. I take that seriously but I also take from the program an opportunity to learn from the staff and the participants. For when we stop learning, we can no longer teach.

In my new role with the region I want to learn everything I can from those of you who have much to teach. I will use my tools that I teach with to understand what it takes to have a successful region, to gather all information and listen actively to everyone who wants to speak. Because my favorite tool is “Seek first to understand, then to be understood” All of you have a desire to see things go a certain way and you deserve to have your thoughts expressed to an empathetic ear.

I think there are a few of you out there that have big ideas on events, charitable operations, and how the calendar should be run. To all of that I say bring it! Let’s dive in and make 2022 better than 2021 (it’s not hard to beat 2020 actually). But we need your help in all of this as well, you can’t run in, drop a grenade and then run. You have to hang out and watch it blow up, maybe even put out the fire too.

We are a region on the edge of great things, join me as we roll into 2022 to be more fun, more inclusive and bigger and better than ever!!

On My honor.....

FLEMINGTON SPEEDWAY HISTORICAL SOCIETY CAR SHOW

The New Jersey Region AACA has been invited to return to this amazing car event on Saturday, October 16, 2021, from 9 AM to 3 PM. In the two previous years that we participated, there were well over nine hundred cars on the show field. This year, coordinators of the event expect to attract a thousand cars, which carries over to a full day's worth of enthusiasm and wonder as attendees ogle at the mass of antique cars and trucks that they'll see.

We'll be given a dedicated parking area on the show field, where we can collectively gather. Signage will be posted, so that you'll be able to easily find our reserved area. We'll also have room to set up our region's membership booth, where we'll meet and greet potential new members to our club. We should be able to accommodate about thirty-five cars. The car event will take place at the Hunterdon County Fairgrounds at 1207 Route 179, Lambertville, NJ, all proceeds will be donated to the 4-H Agricultural Fair and the Flemington Speedway Historical Society.

Please make your plans now, so that you're free to come join us.

We may, at our discretion, issue full or partial refunds, or apply pre-registration payments to the next show if this is the case.

2022 GLIDDEN TOUR UPDATE

What you need to know

These past three months have been a whirlwind of planning activities for next year's "Glidden Tour". During this time, we signed two hotel contracts that enabled us to reserve one hundred and forty rooms between the Crown Plaza Hotel in Plainsboro and the Westin Hotel in Princeton. Securing these contracts was the highest priority for our upcoming tour.

The next highest priority was finding a parking lot which could accommodate about one hundred and thirty flatbed trailers and their tow vehicles. We've many vacant parking lots surrounding our hotels, but commercial realtors are unwilling to commit to our using any of them at this early stage. Fortunately, the Westin appears to have all of the dedicated space that we need to accommodate all of us.

We've visited countless Revolutionary War sites throughout New Jersey and have been able to concentrate the most significant of them into five, separate, weekday tours that will occur between September 26-30, 2022. The tours will cover Trenton and Washington Crossing, Washington's Headquarters, the Princeton Battlefield, the Monmouth Battlefield, and a full day of touring Bucks County.

We're expecting upward of one hundred and eighty pre-1942 vehicles and about four hundred and twenty-five participants. Because we can't have those great numbers of cars and people descending on any one location at the same time, we expect that we'll have to divide them into two groups. Because of the limited facilities that many Revolutionary War sites have, we may have to subdivide them still further and/or have them leave the hotel at scheduled departure times. The size of our group, relative to the limitations of the sites we intend to visit, will add a layer of complexity that past Glidden Tours have never had to face.

Our five Tour Guides will have a big job ahead of them. They'll have to plan their tours, in their entirety and know the histories and back-

ground information of all their intended sites. They'll need to precisely plan their routes through secondary roads and organize a lunch for everyone. Finally, to fulfill a few longstanding "Glidden Tour traditions", they'll have to plan for a morning coffee break and a mid-afternoon treat, in many instances. Surely, they'll have the full support of their assistants and the tour committee. Also, they'll need the willing assistance of all of you to help shoulder at least a small part of this demanding undertaking, so please, step up by raising your hand. Thank you.

NJ REGION AACA

Minutes – August 15th, 2021 #744

The 744th Region Meeting and Picnic was called to order at 12:00 noon by Past President **Gregory Roser** at the VFW pavilion in East Stroudsburg, PA.

All members present were asked to rise for recital of the Pledge of Allegiance.

Opening Comments and President's Report: Gregory Roser – Greg thanked Pete Cullen for again chairing our annual picnic at this Pennsylvania location. This was Pete's 17th year as picnic chair. At the time of the picnic planning, our usual Morris Plains VFW still did not give us approval for a picnic there. Therefore we were at our alternate location for the second year.

Guests included: Pat & Tom, Meg & Miguel, Anthony, Manuel, and Gay. All were given a warm welcome.

Meeting Minutes: A motion to approve the minutes of the July 2021 Region Meeting (as printed in The Road Map) was made and seconded, and approved by all members present. The minutes for the July meeting will stand as printed.

Treasurer's Report: Tim Schimmel reported the monthly income and expenses. A motion to approve the report was made, seconded and approved by all members present. There was no discussion. The Treasurer's report will stand as reported.

Glidden Tour Committee: Chairman **Vince DeLisi** gave a summary of the committee's progress. Many more volunteers are needed, especially dinner chairpersons and parking assistance. It was learned that DEP permits are required for group tour attendance at any NJ state facility or park. A chairperson for this task is desperately needed. A five acre lot is needed for truck and trailer parking. Contact Vince or Jerry Peck to volunteer.

Region Activities: Former Vice-President **Suds Reddy** recited the upcoming events for August and September. Abe Platt invited members to his events, and Pete Cullen stated that there is a waiting list to attend the Fall Foliage Tour to Lukan's. All Regional and National events are displayed in *The Road Map*.

Sunshine: Sarah Pritchett – Sarah reported that Art Briggs, Lillian Anderson, and Brendan Hogan are all recuperating from illnesses or injuries.

50/50: August awards were presented to Anthony Cecala and Jay DeBoey.

Pete stated that the region is paying for the picnic meal ticket, which included a hamburger or hot dog or

BBQ sandwich, and a side dish and drink. Region members supplied additional side dishes and desserts. Additional drinks were supplied by the region.

A motion was made, seconded, and approved to dispense with all other club business.

The next meeting is Sept. 2 at the Morris Plains VFW.

The meeting was adjourned at 12:15PM

Respectfully submitted,
Gregory Roser #1398
Region Secretary

HILLSBOROUGH 250th ANNIVERSARY CELEBRATION PARADE and CAR SHOW.

September 18th 8:30am

We're back...again!

While their Memorial Day Parade was rained out 2 days in a row, prediction is for sunny, patriotic weather for this outing.

Since we have done a great job in the past with coordination, participation and quality of vehicles, ACCANJ has been asked to coordinate this portion of their celebration.

Please encourage other club members and non-members to come September 18th. Vehicle participation is open to the general public. No vehicles newer than 1996 please but the older the better!

See additional details on the Club website for pre-registration, start time, optional Car Show participation, etc.

Everyone: Bring your flags!

Where: 5 Wesley Road, (enter via Stewart Lane) Hillsborough 08844. This is a residential area.

- Start – Line up at curbside, both sides, same direction, not past orange traffic cones
- End – Veterans Way, Municipal Complex.

Registration:

Email me at rjhudak@comcast.net by noon Sept 17th noon. Indicate your:

- Name(s), Membership # (AACANJ members) Vehicle Year, Make & Model.
- Yes?/No? Available for an hour mini-car show after parade?

Event Chair

CareOne Assisted Living at Somerset Valley Activity Report

Thursday morning, July 22, 2021, started out with crystal clear blue sky, but by the time our car hobbyists started to arrive at the CareOne Assisted Living facility at Somerset Valley, which is in Bound Brook, NJ, the smoke from the wild-fires in the western portion of the continent caused a

Bill & Gayle with their 56 Olds are Selected for First place

layer of haze to soften the appearance of the blue sky. Our assembly time for this fourth annual Antique Automobile Enjoyment Event for the residents and staff was 10:30 AM and when Ann and I arrived shortly after 10:00 AM we found two participants already

Pat & his 1960 Corvette are selected for 2nd place

there. We were very warmly welcomed by Jose Alderete, the Campus Director of Activities, and members of his staff, including Sarah Wooby, whose grandfather was a long time member of the Garden State Street Rod Association. Other members of the staff that helped make this event a success were the non-stop dynamo Patricia Kerwin and the Grill Master, Ray Przelomski, and his assistant Arthur Woodard.

A total of twenty members of the NJ Region AACA, Galloping Hill Cruisers, and guests not presently affiliated with a car club displayed thirteen beau-

Greg & his 76 Cadillac are selected for 3rd place.

tiful antique vehicles including those that are original, or were restored, or modified, and/or customized. The overriding criteria was that the vehicles were at least 25 years old. The turn-out included vehicles for every decade from the 1930s through the 1980s. NJ Region members included: Dick Bettie and guest Joe Kuhl in Dick's 1930 Ford Model A roadster; John Cirrito in his 1948 Pontiac Silver Streak Streamliner; Bill and Gayle Stroh in their 1956 Oldsmobile Holiday 88; Greg Roser in his 1976 Cadillac Sedan de Ville (Rosie); Roy Hardgrove in his 1976 Lincoln Continental Mark IV; and Abe and Ann Platt in Ann's 1988 Mercury Cougar LS Special Edition. Our guests included the following friends made at various cruises and car shows over the past 6 years: Bill and Janice Kollmar in their 1955 Chevrolet station wagon; Ron and Silke Raymond in their 1956 Chevrolet BelAir; Ron and Gwen Lubowicki in their 1957 Oldsmobile Fiesta station wagon; Pat Yannuzzi in his

Mikey, Greg & Dick enjoy a day out with friends

1960 Chevrolet Corvette convertible; Dominick Ragno in his 1965 Chevrolet Corvette convertible; Joseph and Marie Scotto in their 1967 Chevrolet Chevelle SS; and Mickey Easse in his 1975 Pontiac Catalina.

L-R : 88 Cougar, 76 Mark IV, 76 DeVille, 60 Vette, 56 Olds

In addition to our antique automobiles, entertainment for the residents, staff, and car owners was provided by two talented dance instructors, Maira Pineda and Ethan Holliday, from the local Arthur Murray dance studio. After their demonstration, Maira managed to get Jose and Dick Bettie to join her in some intricate dancing maneuvers. The only female to accept Ethan's request for a dance partner was

Abe's 1988 Cougar lead off the row

Ann Platt. They all seemed to have a great time.

The CareOne culinary staff set up a serving line within the gazebo in the courtyard, while the chef cooked at the outdoor grill adjacent to the gazebo. All of us were treated to an all-you-can-eat lunch including grilled hot dogs, hamburgers, and chicken, hot and cold sides, fresh baked fruit pies, watermelon, and cold beverages. Prior to the dance demonstration and after lunch, the residents, accompanied by the facility's staff, had plenty of opportunity to wander around to look at our beautiful antique automobiles. One of the highlights of the afternoon was when Greg overheard several of the female residents saying, I

hope there's a Cadillac out there. Greg proceeded to escort the four ladies out to meet Rosie and sit in the front seat and behind the steering wheel if they so wished. The smiles on their faces were ear-to-ear. The residents and staff members voted for their favorite car(s). The CareOne staff appreciated our participation and effort and provided three gift baskets that included sweet goodies which were to be awarded to the three cars receiving the most votes. Once the ballots were all received and counted, Mr. Alderete announced the winners. The three vehicles receiving the most votes were: Greg's 1976 Sedan de Ville (third place); Pat Yannuzzi's 1960 Corvette (second place); and Bill and Gayle's 1956 Olds Holiday (first place).

Strong participation by our members in these and similar events enhances our recognition and rep-

L-R : 55 Chevy, 57 Olds, 56 Chevy, 67 Chevy, 30 Model A, 65 Vette

utation to the outside community as well as to the rest of the car community. A big thank you to Ann for helping me and to the automobile enthusiasts that participated in this very successful event.

SAVE THE DATE
2021 Region Fall Foliage Tour
Lukan's Farm Resort, Hawley, PA
October 15-17, 2021

After a year with the COVID-19 headlines, but now with an optimistic outlook for the future, I just wanted to let the membership know that there will be a Fall Foliage Tour this autumn! I just got a call from John at Lukans, advising that our 'normal weekend', right after Hershey, just opened up, and I asked him to hold the above dates for our 11th annual visit.

Watch for more information about our reservations process in future Road Map articles. So, there is no need to call Lukens to reserve your room at this time. But if you are interested, please drop Pete an email at oldcarz57@aol.com so we can start planning our excursions. Also mention any attractions you would like to explore, or revisit.

More details about the tour stops will be provided in a future article. We are looking forward to another interesting, if not relaxing, fall weekend with our fellow Region members!

Pete Cullen and Anthony Cecala
Fall Foliage Tour Co-Masters

We'll keep runnin' in 2021!

HERSHEY
AACA EASTERN FALL MEET
HERSHEY, PA OCTOBER 6 - 9, 2021

AUTUMN LAKE HEALTHCARE
Wednesday, October 13, 2021
12:30 PM to 4:00 PM

Ms. Lisa Washington, of Autumn Lake Healthcare reached out to the NJ Region AACA to request that we present a Car Show for their residents and staff. I met with Ms. Washington, who is the activities director, and the facility director Mr. Benjamin Basch to discuss conducting an Antique Automobile Enjoyment Event for the facility.

On Wednesday, October 13, 2021, we are scheduled to conduct our First Antique Automobile Enjoyment Event for the residents and staff of Autumn Lake Healthcare, which is a nursing & rehabilitation center, located at 35 Cottage Street, Berkely Heights, NJ 07922, (908-897-1000). Please note that this is a week-day event. Our arrival/assembly time is scheduled for around 12:30 PM and we will assemble in our designated parking area located at the rear of the facility. The car display is from 1:00 PM until 4:00 PM. The Autumn Lake Healthcare facility will have music for the event and will provide our members with lunch. As space is limited, please let me know by October 10th if you would like to attend so that we can provide Ms. Washington with an idea of how many people and cars we can expect.

Face masks may be required for all participants, depending on current State and Health Department regulations, and must be worn at all times except when eating lunch. Please note that this event is not open to the public. Thank you for your participation.

Come join your friends, and the residents and staff of this healthcare facility. If you have any questions, please contact Abraham Platt (732) 752-6341 or via email abeplatt@aol.com. If there is a chance of rain or it is raining please call my mobile phone to confirm day of event activity. Day of event mobile phone (732) 433-5319. The rain date is Thursday, October 14, 2021.

Judging Admin Volunteers

Judging Administration is looking for individuals who would like to contribute to AACA National judging. Knowledge of judging is important, therefore anyone wishing to join the Admin Team must complete Judging School, Apprentice Training Certified Judging Education (CJE), Apprentice Field Judging and the Judges Administration CJE. It is important that all judges in Admin be physically mobile, able to add and subtract (basic math) and familiar with basic computer data entry. Interested or want more information?

Please send Dollie Flechler, Chairman Judging Administration, an email at Flechlerd@yahoo.com.

Road Trip to The RB Collection and The America on Wheels Museum Thursday, October 21, 2021

Attention my fellow automobile enthusiasts, I have arranged for another "Road Trip" to Allentown, PA to visit the RB Collection and the America on Wheels Museum. The two facilities are across the street from each other making for an easy destination trip. We will meet at the Cracker Barrel Old Country Store in Clinton NJ at 8:00 AM or so for breakfast. We will assemble outside of the Cracker Barrel restaurant where I will hand out route maps and we will depart at 9:30 AM SHARP proceeding to The RB Collection facility along a scenic route to start our visit at 11:00 AM. The directions I hand out will bring you to the parking lot for the America on Wheels Museum. We will park in a designated area of the Museum's parking lot and walk across the street to the RB Collection facility to tour their classic car showroom and their restoration / Concours preparation operations.

Once the tour of the RB Collection has been completed, we will cross the street to enter the Museum. We will pay our group rate entry fee and proceed to the Hub Cap Café on the second floor (accessed by elevator or stairs) for lunch, which will start between 12:30 and 1:00 PM. We will participate in the Wheel of Transportation Tour, which includes the following: sandwich tray, pickles, potato chips, soda/water, ice cream (double scoop in a cup or cone), plus the tour; for a cost of \$25.00 per person. Please have the exact amount for your party to make entry easier.

After lunch we will proceed to tour the museum with its collection of cars, trucks, bicycles, motorcycles, peddle cars, and much more. Guides and docents will be available to answer our questions and to provide us with some insight on the Museum and its contents. On previous visits, I observed the following: motorcycles loaned by Herb Singe, Jr.; trucks loaned by Gary Mahan, cars loaned by Nicola Bulgari and the AACA Museum, peddle cars from various collections, and ladies' purses/handbags decorated in an automotive motif. The Museum changes their rotating exhibit every 6 months.

There is no limit to the number of people that can participate. The tour has been scheduled for a weekday so that the restoration shops can be visited while in operation. If the weather is favorable, **please drive your antique/show vehicles**, so that the staff at both facilities can have the opportunity to see them.

Please let me know by **6:00 PM on Tuesday, October 5, 2021**, if you are planning to attend at (732) 752-6341 (o) or abeplatt@aol.com so that I can determine how many attendees and cars we can expect. We need to provide this information to our contacts at The RB Collection and at the America on Wheels Museum (need to order the right number of lunches). Please also let me know if you will be joining us for breakfast at the Cracker Barrel so that I can reach out to their management on how many to expect. Thank you for participating.

Address Information:

The address for the Cracker Barrel is: 14 Frontage Road, Clinton, NJ 08809 (908) 713-9205

The address for The America on Wheels Museum is: 5 North Front Street, Allentown, PA 18102 (610) 432-4200

The address for the RB Collection is: 107 Hamilton St, Allentown, PA 18101 (610) 398-9700

Submitted by:

Abraham Platt, Event Chair

NJ Region Member #1524

DIRECTIONS:

From central New Jersey: Take U.S. Route 22 and/or Interstate Route 78 towards Clinton, NJ. The Cracker Barrel is located south off of Exit 15 on Frontage Road.

Spring-Hills Assisted Living of Morristown
Thursday, September 9, 2021
12:00 to 3:30 PM

The **FOURTH** Antique Automobile Enjoyment Event for the Residents of the Spring-Hills Assisted Living facility of Morristown. Please note that this is a **weekday event**. The Director of Engagement Services, Melanie Wallen, will be our hostess again for this event.

Location : 17 Spring Place, Morristown, NJ 07960; (973) 539-3370.

Arrival : is scheduled for around 12:00 **The car display is from 12:30 until 3:00 PM.** We will be provided with lunch while the residents enjoy the cars. As they did in past years, residents and staff will be selecting their favorite vehicles. Please let me know by September 5th if you are planning to attend so that we can provide an idea of how many people and cars we can expect. If you have any questions, please contact me at (732) 752-6341 or via email abeplatt@aol.com. **Please contact me on my mobile phone (732) 433-5319 for weather updates.**

The rain date for this event is Thursday, September 16, 2021.

Face masks may be required for all participants, come prepared. Please note that this event is not open to the public.

DIRECTIONS:

From Route 287 North: Take Exit 36B onto Lafayette Ave. Proceed west on Lafayette Ave. to Morris St. Turn right onto Morris St. and proceed to Spring St. Turn right onto Spring St. and immediately turn right onto Spring Place. The Spring-Hills facility is on the right at the end of the street.

From Route 287 South: Take Exit 36 onto Lafayette Ave. Follow the directions above.

NJ Veterans Memorial Home at Menlo Park
Sunday, September 12, 2021
1:00 to 4:00 PM

The **THIRD** Antique Automobile Enjoyment Event for the Veterans at the NJ Veterans Memorial Home at Menlo Park. This is an event to honor and appreciate the sacrifices made by these veterans to keep this country safe. The veterans, family members and staff really enjoy our vehicles and our participation and interaction with them.

Location : The NJ Veterans Memorial Home at Menlo Park is located at 132 Evergreen Road, Edison, NJ 08837; (732) 452-4258.

Arrival is scheduled for around 12:30. **The car display is from 1:00 until 4:00 PM.** We will be provided with lunch while the veterans, accompanied/assisted by family members and the facility's staff view the cars. Our friend DJ "Hot Rod" Mike will provide the music as he has for the previous two events. Residents, family, and staff will be selecting their favorite vehicles. Please RSVP by September 7th if you are planning to attend so that we can provide an idea of how many people and cars we can expect. If you have any questions, please contact me at (732) 752-6341 or via email abeplatt@aol.com. **Please contact me on my mobile phone (732) 433-5319 for weather updates.**

The rain date for this event is Sunday, September 19, 2021.

I will need a couple of helpers to assist in parking vehicles for this event and since Ms. Caratozzolo has asked that we handle the voting process for people's choice, we will need to collect and count the votes cast. As in the past, 1st, 2nd, and 3rd place trophies will be presented.

Face masks may be required for all participants, come prepared. Please note that this event is not open to the public.

DIRECTIONS:

From US Route 1 North or South: Take the Exit for Parsonage Road N (Menlo Park Mall). Proceed N on to Oakwood Ave. Turn right onto Oakwood Ave. and proceed to the entrance to the NJ Veterans Memorial Home ground (big sign on side of road). Evergreen Road is just before the sign. **DO NOT TURN ONTO EVERGREEN ROAD.** Turn right onto the entrance road just past the Big Sign and follow the drive around the **front** of the facility to our designated area, Turn left as you pass the Eagle and proceed straight to our assembly area.

From Route 27 North or South: Turn right or left onto Parsonage Road south (Menlo Park Mall). Proceed south on Parsonage Road (County Rd 627) to Oakwood Ave. Turn left onto Oakwood Ave. and proceed as above.

Respectfully Submitted
 Abraham "Abe" Platt, Event Chair
 NJ Region Member #1524

BROOKDALE WEST ORANGE SENIOR LIVING**SATURDAY, SEPTEMBER 18, 2021****11:30 AM to 3:00 PM**

We will be participating in our **SECOND** Antique Automobile Enjoyment Event and Alzheimer's Association Fund Raiser for the Residents of Brookdale West Orange Senior Living facility on Saturday, September 18, 2021. We are requested to participate in this event as a fund raiser for the Alzheimer's Association in conjunction with their Longest Day campaign as well as a celebration of National Assisted Living Week. The Claire Bridge Program Manager (Memory Care Unit), Marshane Phillips, Resident Program Manager, will be our hostess for this event.

Location : 520 Prospect Ave., West Orange, NJ 07052: (973) 325-5700.

Arrival : is 11:30 AM **The car display is from 12:00 until 3:00 PM.** We will be provided with lunch while the residents, their families, the staff, and the public enjoy our cars. Each vehicle will have a ballot box/jar/bucket to collect money as votes for their favorite car(s) and the three cars that collect the most money will get a nice prize. All funds raised at this event will be donated to the Alzheimer's Association. Please RSVP by September 14th if you are planning to attend so that we can provide an idea of how many people and cars we can expect. If you have any questions, please contact me at (732) 752-6341 or via email abeplatt@aol.com. **Please note that this is a fund raiser for a worthy cause and that the more members' vehicles we have participating, the more money will be raised.**

Please contact me on my mobile phone (732) 433-5319 for weather updates. .

The rain date for this event is Thursday, September 23, 2021.

Face masks may be required for all participants, come prepared.

DIRECTIONS:

From Rt. I-287 (North): Take Exit 39 to NJ Rt 10 East (Mount Pleasant Ave.). Continue on Rt 10 to Prospect Ave. Turn right at the traffic light onto Prospect Ave. The Brookdale facility is on the left. Proceed to the rear of the Brookdale building which is on your right as you drive in.

From Rt. I-287 (South): Take Exit 40A to Parsippany Rd. South (Rt 511). Continue to NJ Rt 10 East (Mount Pleasant Ave.). Turn right onto Rt 10 East and follow the directions above.

From Rt. I-280 (East or West): Take exit 8A or 8B onto Prospect Avenue and proceed south to the Mount Pleasant Ave. / Prospect Ave intersection (traffic light). Continue on Prospect Ave. to the Brookdale facility, which is on the left. Proceed to the rear of the Brookdale building which is on your right as you drive in.

LANTERN HILL SENIOR LIVING COMMUNITY**Saturday, September 25, 2021****10:30 AM to 3:00 PM**

On Saturday, September 25, 2021, we are scheduled to conduct an Antique Automobile Enjoyment Event for the Residents of [the](#) Lantern Hill Senior Living Community, which is located at 535 Mountain Avenue, New Providence, NJ 07974, (908-516-9315). **Arrival :** is scheduled for 10:30 AM. **The car display is from 11:00 until 3:00 PM.** The Lantern Hill Senior Living Community will have music for the event and will provide our members with lunch. Since this is a Fifth Anniversary Celebration and open to guests of the facility, there will be several activities that our members can participate in including: tours of the facility, bocce ball, and other games.

Come join your friends, and the residents and staff of this senior living community. If you have any questions, please contact me at (732) 752-6341 or via email abeplatt@aol.com. **If there is a chance of rain or it is raining, please call my mobile phone (732) 433-5319 to confirm day of event activity.** The rain date is Saturday, October 2, 2021.

Space is limited to approximately 40 vehicles, please RSVP by September 20th if you would like to attend so that we can provide Ms. Brady/Mr. Neumann with an idea of how many people and cars we can expect. **Please note that this event is open to the invited public only.** Thank you for your participation.

Face masks may be required for all participants, come prepared.

DIRECTIONS:

The Lantern Hill complex is located at 533 – 603 Mountain Avenue, New Providence, NJ 07974, east of Diamond Hill Road, at the northwest corner of Mountain Avenue and South Street / Glenside Road.

**Rich's Repair Ramblings
September 2021
All About Antifreeze: Part 1
History and Properties**

(Authors's Note: AACA members with Citroen 2CV, Corvair, Fiat 500, Franklin, Isetta, Porsche 356/912/early 911/914, Tatra, Trabant, and VW Type 1, 2, 3, and 4 automobiles may continue reading with bemused smirks on your faces. All others should pay attention!)

An internal combustion automobile engine creates a tremendous amount of heat which will cause extensive engine damage unless there is some sort of mechanism to carry that heat away. While some engines are air-cooled, using a combination of fans, shrouding, and finned engine externals (greater surface area) to force ambient air around an engine's exterior, most automotive engines are liquid-cooled. Such engines employ a cooling system, circulating a liquid through the engine's internal passages, which transfers the heat from the engine to the cooling medium. (The 2nd Law of Thermodynamics states that heat moves from higher temperature bodies to lower temperature bodies.) The hot liquid is then pumped to a heat exchanger (radiator), where the heat is released to the atmosphere. The now-cooler liquid is circulated back into the engine and the cycle begins anew.

Plain old water (H₂O) is actually a very efficient medium for engine cooling. Its two main drawbacks are its propensity to cause corrosion when interacting with certain metals, and the temperature limits within which it will remain in a liquid state (water freezes at 32 degrees F/zero degrees C and boils at 212 degrees F/100 degrees C). Once it's no longer a liquid, it cannot perform its job to carry away engine heat.

Most of us know that our "water-cooled" engines actually use some percentage of a substance called antifreeze, diluted with water. Automotive reference books have little to say about the early history of antifreeze. While

it is noted that water alone was initially used as a coolant, it was also recognized that anyone living where temperatures fell below freezing would risk engine damage if the cooling system wasn't drained first. (Liquid water, if allowed to freeze, will expand slightly. Difficult to believe, but true, is the fact that water which is allowed to freeze inside an engine block can cause the block to crack.)

There is some consensus that a French chemist, Charles Adolphe Wurtz, was the first to formulate the substance he named ethylene glycol in 1859. Among its early uses was in the manufacture of explosives. A U.S. plant to manufacture ethylene glycol was opened in 1925 by the company which became Union Carbide, and 1926 saw its first use in automotive cooling systems when it was discovered that its freezing point was below that of plain water.

This air-cooled Franklin ad highlights "cooling troubles" of water-cooled cars

Interestingly, two additional properties of ethylene glycol were discovered: one, its freezing point could be brought even lower when mixed with water; and two, when used in a pressurized closed cooling system, its boiling point was raised to that above plain water. One downside of the stuff is that it has a "sweet" taste to creatures who wouldn't know better than to ingest it (children and animals) and it is extremely toxic when swallowed. To its credit, the antifreeze industry has added bittering agents to ethylene glycol to help prevent inadvertent consumption.

My copy of the 6th Edition of the Bosch Automotive Handbook (published in 2004) contains a chart of freezing and boiling points of water-glycol mixture ratios. At 10% glycol

(90% water), the freezing point drops to 25 F and the boiling point to 214 F. A 30% mix improves that to a freezing point of 1 degree F and a boiling point of 220 F. Finally, a 50/50 mixture won't freeze until the temperature drops to -38 F, and won't boil until it climbs to 226 F. Clearly, the 50/50 solution suffices for almost all driving situations in the U.S.

Over time, chemical engineers added corrosion inhibitors to antifreeze to minimize any corrosive effects on the materials of both the engine and the radiator, including cast iron, aluminum, copper, and brass. As engines and their related systems became more and more complex, engineers from various auto manufacturers also started specifying antifreezes formulated in new and improved ways (and color-keyed to distinguish them from one another).

Similar to most fluids used in vehicular applications, antifreeze has a lifespan beyond which its protective qualities have deteriorated. When that happens, it's time for a drain / flush / refill. The type of antifreeze needed for your jalopy, along with the correct percentage of water to add, should be matters of attention when performing this service.

Building Membership By Jeff Oaks VP – Regions Development and Support - Southeastern Division

One of the concerns that many of us have is recruiting new members for our local regions and chapters. The AACA is a great club and has much to offer, but surprisingly, some of the car folks that I run into know little about us.

How can that be? We are the largest antique auto club in the world! Have we failed in advertisement and promotion? Our local chapter decided some years ago that we needed to come up with ways to get the word out about our club and promote the AACA in general. Some of the ideas we have had was to get our old cars out of the garage more often and out in public. We have all had several in the parking lot admiring our car when stopping at a business somewhere. It is prime time to promote the club and the hobby! You can tell them about the local club and the AACA but nothing beats having some sort of an info flyer handy in the glove box to pass along to them. Be prepared! Include an event calendar in there too! Business cards with contact and website info has also been a success. You can invite them to the next meeting and write the time and location on the back of the card. This has worked well at shows and displays like cars & coffee, cruise-ins, and most any event where old car folks are gathered. Local news articles promoting an upcoming event will spark big interest. At our annual chapter show, we have a designated space at the registration area for "Club Information & Membership" with someone assigned to answer any questions and promote the club. We have old issues of the AACA Antique Automobile, along with our Region magazine, and other items club related, recycled from our membership, and available at the show. Potential membership packets and recycled magazines are passed to those that show an interest in the club. These are just a few of the ideas that have worked for us and there are many other options as well. Advertising and getting the word out is the key to a growing membership. Be active! By spreading the word and being public, our local chapter membership and car show attendance has tripled in recent years. All car guys and gals have a bit of salesmanship in their blood somewhere, so get out and promote the club and the hobby that we all love!

THE SATURDAY EVENING POST

Don't gamble with your car...

No other anti-freeze is "the same as"

"PRESTONE" ANTI-FREEZE
ASK FOR IT BY NAME—MAKE SURE YOU GET IT!

You're 6 ways safer with "Prestone" brand anti-freeze

1. "PRESTONE" brand anti-freeze contains no alcohol. Vapor from "PRESTONE" anti-freeze solution cannot be ignited by a spark or cigarette.
2. One dose of "PRESTONE" anti-freeze lasts all winter. No top-ups in cold weather! No boil-away on warm days! No foaming off at high speed!
3. "PRESTONE" anti-freeze does not give off poisonous fumes. Methanol anti-freeze, no matter what it's called, is toxic under certain conditions.
4. "PRESTONE" brand anti-freeze contains a special oil inhibitor which protects against rubber decay, reduces chipping, and prevents rust from loosening and opening up small surface leaks.
5. The chemical inhibitors in "PRESTONE" anti-freeze give your car the best protection against rust and corrosion over the full range of the 7 metals commonly used in cooling systems.
6. "PRESTONE" anti-freeze will not harm your car's finish or chrome if spilled.

New Low Price NOW ONLY \$2.95 FOR GALLON (SEE LISTING FOR 1/2 GALLON)

NEW "PRIME" GAS LINE ANTI-FREEZE protects fuel system against water and corrosion with the only 50:50 mix.

YOU'RE SET - YOU'RE SAFE - YOU'RE SURE WITH "PRESTONE" ANTI-FREEZE

The terms "Prestone", "Eveready" and "Prime" are registered trade marks of Union Carbide and Carbon Corporation. NATIONAL CARBON COMPANY - A Division of Union Carbide and Carbon Corporation - 30 East 42nd St., New York 17, N.Y.

This Prestone anti-freeze ad touts its safety and advanced protection

(Automotive ads obtained from and used with permission of the AACA Library)

NEXT MONTH: Cooling system servicing will be our topic for Part 2 of All About Antifreeze.
